

INSTRUCTION

Strategic Plan Goals

Goal 1

To develop, implement and support curriculum and instructional practices through the use of technology, that meet and exceed national and state standards in all areas of instruction.

We will . . .

- Review, develop, implement and support a differentiated, flexible curriculum with assessments that drive instruction to meet individual learning needs.
- Develop, implement and monitor curriculum and instructional best practices through curriculum mapping and K-9 articulation.
- Maximize critical, creative and independent thinking through cross-curricular integration, student assessment and student-driven goals.
- Research and implement innovative programs that enhance instructional programs.
- Utilize community service opportunities to foster leadership and good citizenship.
- Use technology to identify, integrate and collaborate for global learning.
- Create, implement and assess student technology curriculum standards.
- Integrate technology across all curricular areas and provide ongoing staff development.
- Continue to revise and enhance the school technology plan and long-range technology initiatives.

Goal 2

To address the social and emotional developmental needs of students.

We will . . .

- Continue to develop and integrate a positive discipline plan.
- Continue to investigate and evaluate SEL (Social Emotional Learning) programs and train staff appropriately.
- Provide opportunities and resources for students and parents in social/emotional development.

Goal 3

To improve district-wide communication.

We will . . .

- Explore and implement technologies to improve school communication.
- Implement and enhance crisis response phone alert system and individualize communication.
- Expand communications with surrounding school districts.

Goal 4

To address facility and site needs for physical improvements, life/safety and code compliance, and to accommodate and enhance the instructional program.

We will . . .

- Develop a facilities master plan for capital projects.
- Update the preventative maintenance plan and schedule.
- Incorporate energy efficient and sound environmental practices.
- Review and update the school safety and crisis plan.

Goal 5

To maintain financial stability as evidenced by balanced budgets and positive financial projections.

We will . . .

- Update the long-term financial plan on a regular basis.
- Adopt balanced budgets using the GASB 34 accounting principles.
- Protect local resources and local control through legislative activism and maintain an ongoing awareness of potential school finance reforms and state statutes affecting school funding.
